MCBPAC Welcomes Incoming Leadership at Board & Staff Levels

Mt. Crested Butte, Colo. (February 24, 2015) – The Mt. Crested Butte Performing Arts Center (MCBPAC) is pleased to announce the election of **Tom Biery** and **Bill Ronai** as Co-Presidents. We are additionally fortunate to welcome back **Woody Sherwood** as Executive Director. The Board of Directors is confident that this leadership team will continue the momentum towards delivering the Biery-Witt Center at Mt. Crested Butte.

Woody has previously served as Executive Director and understands the opportunities and challenges that are faced by MCBPAC. “We look forward to continuing to promote all of the good work that has taken this idea from its nascent beginnings to an \$18 million organization. While much work continues to be needed to deliver the completed Biery-Witt Center, it is gratifying to have the support and commitment of the Donors, Board of Directors, the Town of Mt. Crested Butte, and the Crested Butte Music Festival to achieve this goal,” commented Biery & Ronai.

The Board wishes to express its appreciation of the tremendous efforts and successes of previous President **Tom Seymour**. In his term of Presidency, he provided leadership, hard work, and dedication to MCBPAC.

We are continuing to work towards creating a state-of-the-art performing arts and events center that will serve to stimulate and diversify the economy, while enriching the lives of both area residents and visitors.
